State of Texas	§	**Court Order**
Collin County	§	**2026-xxx-11-09**
Commissioners Court	§	

An order of the Collin County Commissioners Court approving the amended mandatory payment rate for fiscal year 2027.

WHEREAS, pursuant to Chapter 292E of the Health and Safety Code, the Collin County Commissioners Court authorized the participation in a county health care provider participation program;

WHEREAS, pursuant to Chapter 292E of the Health and Safety Code, there is an established local provider participation fund;

WHEREAS, pursuant to Section 292E.101 of the Health and Safety Code, each year, the Commissioners Court shall hold a public hearing on the amounts of any mandatory payments that the county intends to require during the year and how the revenue derived from those payments is to be spent;

WHEREAS, on September 28, 2026, the mandatory payments for FY 2027 were approved by the Commissioners Court but there is now good cause to amend the rate for the mandatory payments. The Mandatory Payments for FY 2027 should be assessed exclusively and separately on six percent of the net patient revenue attributable to inpatient hospital services and six percent of the net patient revenue attributable to outpatient hospital services of all institutional healthcare providers in Collin County. Each institutional healthcare provider's most recent Medicare Cost Report should be used to separately calculate the inpatient and outpatient net patient revenue based on the Medicare Upper Payment Limit methodology;

WHEREAS, the Texas Health and Human Services Commission has requested that a new LPPF bank account be established and that the revenue from the FY 2027 mandatory payments be deposited in that bank account; and

NOW THEREFORE BE IT ORDERED as follows:

a. The mandatory payment rate for the Collin County local provider participation fund is amended to be set at exclusively and separately on six percent of the net patient revenue attributable to inpatient hospital services and six percent of the net patient revenue attributable to outpatient hospital services for each institutional healthcare provider. This rate is applicable to mandatory payments assessed for FY 2027, including any mandatory payments assessed on and after October 1, 2026 through the end of FY 2027;

b. Each institutional healthcare provider's most recent Medicare Cost Report shall be used to separately calculate the inpatient and outpatient net patient revenue based on the Medicare Upper Payment Limit methodology. If an institutional healthcare provider does not have a Medicare Cost Report, another acceptable data source shall be used.

c. A new LPPF bank account will be created and revenue from FY 2027 mandatory payments will be deposited in that bank account.

d. The revenue from the mandatory payments shall be used for one or more of the purposes set forth in Section 292E.103(b) of the Health and Safety Code.

A motion was made, seconded, and carried by a majority of the court members in attendance during a regular session on Monday, November 9, 2026.

Chris Hill, County Judge

Darrell Hale, Commissioner, Pct 3

Susan Fletcher, Commissioner, Pct 1

Duncan Webb, Commissioner, Pct 4

Cheryl Williams, Commissioner, Pct 2
